📍 Pune

ISTQB certified with 7 years of experience in software testing, specializing in analyzing, designing, and implementing testing strategies for web-based applications. Skilled in both manual and automation testing, with hands-on experience using Selenium WebDriver and Core Java.

Objective

To pursue my career in Software Testing in a challenging environment, where my skills are best utilized and my knowledge can be enhanced for the benefit and growth of the Organization, and as well for my Personal growth

Professional Summary

- **ISTQB Certified Tester with 7 Years** of IT industry experience in the area of Software Testing (**Functional** and **Automation**) Field.
- Proficient in Test Automation using **Selenium WebDriver with java, Rest Assured API Automation, Cucumber BDD.**
- Good experience in **Software Development Life Cycle** and **Software Testing Life Cycle.**
- Extensive experience in **Smoke**, **Functional** and **Regression Testing.**
- Domain Knowledge: **Banking**, **Insurance, Finance, AI Applications, Mobile testing & Automotive etc.**
- worked on **Agile (Scrum) methodology, Iterative Waterfall Model.**
- Strong Experience in automating **Web based Application and Restful API** using **Rest Assured**.
- Good hands-on coding experience in **Java Programming** language.
- Writing Test cases using **Element locators, WebDriver methods, Java programming features** and **TestNG Annotations**.
- Worked on **Business Driven Development (BDD) using Cucumber framework.**
- Automating the end-to-end scenarios for Regression Testing
- Proficient in executing Selenium Test Cases and defects reporting.
- **Experience in Data driven Testing and Parallel Test execution using Selenium WebDriver and TestNG**.
- Execution, debugging and maintenance of test scripts.
- Good Knowledge on **Test Management Tools like JIRA, TFS, Visual Studio and MTM.**

Skills

Technical Skills
Manual and Automation Testing, Selenium WebDriver with Java, SDLC, STLC, Defect Life Cycle, API Testing, Mobile Testing.

Soft Skills
Excellent communication, Collaboration and Presentation skills, Co-ordination and follow up skills, Attention to detail.
Organizational skills, ability to drive assigned work to closure independently, interpersonal skills, decision-making skills and empathic leadership.

Tools & Technologies Used

Test Management Tools
JIRA, TFS, MTM, Visual Studio

Code Repository & Build Management Tools
GitHub, Jenkins

Testing Tools
Selenium WebDriver, TestNG, Cucumber BDD, RestAssured.

Certificates

Certified Tester Foundation Level (ISTQB)

Professional Experience

2021/08 – present Pune	**QA Test Analyst** *Welcom Digital Software India* **Project: Financier**

- Responsible for coordinating with the Onshore & Offshore team
- Responsible for Verification and Validation
- Responsible for understanding the feature and the requirements in depth, analyzing the user stories to design quality test cases, peer reviewing, and approval
- Performed Smoke, Sanity, Regression testing and reported defects and tracking
