SUMMARY

Risk Data Analyst with 1.6 years of experience in geopolitical analysis, data visualization, and risk profiling. Skilled in Excel, SQL, and Python, delivering actionable insights for informed decision-making.

SKILLS

• **Risk Data Analysis & Strategic Insights**: Geopolitical Risk Profiling, Environmental & Economic Risk Monitoring, Emerging Risk Detection & Trend Analysis.

• **Data Analytics & Visualization**: Statistical Analysis & Hypothesis Testing, Data Wrangling & Preprocessing, Time Series Analysis, Advanced Excel & Reporting Techniques, Business Intelligence Tools (Power BI, Tableau), SQL for Data Querying & Extraction.

• **Data Science & Machine Learning**: Predictive Modeling, Supervised & Unsupervised Learning, Feature Engineering, Model Evaluation & Optimization, Data Cleaning & Transformation.

• **Programming Languages & Tools**: Python (Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn), Jupyter Notebook.

• **Soft Skills**: Cross-Functional Collaboration, Strategic Decision-Making, Communication & Reporting.

EXPERIENCE

Risk Data Analyst
Mitkat Advisory services Pvt.Ltd   October 2024 - Present, Mumbai, Maharashtra
· **Analyzed and Assessed Geopolitical Data**: Evaluated over 500 international and local sources, delivering actionable insights that improved decision-making for 10+ clients, optimizing risk strategies and preventing potential losses.
· **Monitored and Analyzed Geopolitical Developments**: Tracked civil disturbances, political unrest, and international conflicts, providing insights to help clients adapt their risk strategies effectively.
· **Created Tailored Risk Reports**: Processed over 1,000 articles daily, refining key data to enhance client-specific risk profiles with 95% accuracy.
· **Developed Data-Driven Insights**: Utilized advanced Excel techniques to generate dynamic reports, enhancing stakeholder awareness and planning.

Management Trainee (Intern)
Mitkat Advisory services Pvt.Ltd   February 2024 - September 2024, Mumbai, Maharashtra
· **Monitored Environmental and Economic Events:** Supervised over 50+ natural disasters, economic trends, and market fluctuations, ensuring accurate risk profiles for clients and enabling faster decision-making.
· **Automated Data Reporting Processes:** Designed and deployed automated reporting systems, reducing manual effort by 25% and ensuring timely delivery of insights to stakeholders.
· **Optimized Data Extraction Techniques:** Utilized advanced data scraping tools to detect anomalies, leading to a 30% improvement in response times and enhancing overall risk mitigation efforts.

Associate Operation
WNS Global Services   September 2022 - May 2023, Pune, Maharashtra
· **Conducted Advanced Data Extraction**: Utilized complex SQL queries to perform comprehensive analysis and uncover detailed insights.
· **Generated Daily Reports**: Monitored daily cargo movement and identified trends for over 150 shipments, resulting in a 20% improvement in operational accuracy and customer satisfaction.
· **Managed Cargo Bookings**: Managed bookings for over 100 clients, maintaining a 99% accuracy rate and improving operational efficiency.

EDUCATION

Bachelor of Engineering
Pune University · Pune, Maharashtra, India · 2022 · 8.79
· Participated in Workshops: Engaged in activities promoting Interpersonal hands-on Experience within the college community.
