EDUCATION

▪ **Bachelor of Business Administration (Computer Application) - B.B.A. (C.A).**

▪ **University of Savitribai Phule Pune University, Pune, Maharashtra**

▪ **Key Courses: Data Structures and Algorithms, Database Management, Software Engineering, Web Development.**

SKILLS

▪ **Technical Skills:** Proficient in Python, SQL, JavaScript,Excel; familiar with PowerBI and Jupyter Notebook.

▪ **Analytical Skills:** Strong ability in problem-solving, with a keen eye for insights.

▪ **Communication Skills:** Effective communicator, capable of explaining complex technical concepts to non-technical audiences.
Good at Storytelling.

▪ **Teamwork:** Demonstrated ability to work effectively in diverse teams during university projects.

Projects

Sales Analysis — Implemented Python Pandas & Python Matplotlib to analyze and answer business questions about 12 months worth of sales data. The data contains hundreds of thousands of electronics store purchases broken down by month, product type, cost, purchase address, etc.

Sentiment Analyzer- Implemented a real-world Python machine learning project focused on sentiment analysis, utilizing scikit-learn library and Amazon reviews as training data, resulting in the creation of a highly accurate model that classifies text sentiment with 90% precision.

Certification

IBM Data Science Professional Certificate.
