Pune University

## Technical Skills

- Flutter
- Dart
- Firebase
- Git
- Android studio
- Rest API
- Java
- Fintech
- Mobile application development
- Jira
- Bitbucket
- Payment Gateways

## Experience

### June 2023 - Present

Webplat technologies Pvt Ltd | Pune , Maharashtra

#### Mobile Application Developer

Developed mobile applications using Flutter framework and Dart programming language, leveraging Android Studio as the primary IDE.

Integrated Firebase services for real-time database, authentication, and cloud messaging, ensuring seamless app functionality and user engagement.

Implemented RESTful APIs for communication with backend servers, including Fintech APIs for financial transaction processing.

Integrated various payment gateways within the applications to facilitate secure and efficient financial transactions.

Utilized Jira for project management and issue tracking, ensuring timely delivery of features and bug fixes.

Collaborated with team members using Bitbucket and Git for version control and code collaboration, ensuring code integrity and streamlined development processes.

### Feb 2023 - May 2023

RegenApps clouds Pvt Ltd | Pune , Maharashtra

#### Trainee Flutter Developer

Developed mobile applications using Flutter framework, demonstrating proficiency in Dart programming language.

Utilized Android Studio for application development, ensuring smooth and efficient workflow.

Collaborated with team members using Git version control system to manage codebase effectively.

Integrated Firebase services such as Firestore, Authentication, and Cloud Functions to enhance app functionality and user experience.

Implemented AdMob for monetization strategies, optimizing revenue generation within applications.

Configured push notifications using Firebase Cloud Messaging to engage users and enhance app retention.

Participated in team meetings and code reviews, contributing ideas and solutions to improve overall project outcomes.

Adapted quickly to new technologies and methodologies, staying up-to-date with industry trends and best practices in mobile app development.

### Aug 2022 - Jan 2023

Orange itech | Pune , Maharashtra

#### Intern Flutter Developer

Developed mobile applications using Flutter and Dart, contributing to the enhancement of user experience and functionality.

Collaborated with senior developers to design and implement new features, ensuring alignment with project requirements and timelines.

Utilized Android Studio to write, test, and debug code, ensuring optimal performance and usability across various devices.

Actively participated in code reviews, providing constructive feedback and suggestions for improvement.

Managed project repositories using Git, ensuring version control and facilitating seamless collaboration among team members.

Assisted in troubleshooting and resolving technical issues, ensuring the smooth operation of deployed applications.
