SUMMARY

Junior Business Analyst pursuing a Master's in Computer Applications (MCA), with strong skills in SQL, Python, Excel, and Power BI. Skilled in requirement gathering, process modeling, and use case documentation. Developed a Power BI dashboard and SQL queries to analyze sales data and derive insights. Strong communicator with problem-solving abilities, eager to apply technical expertise to deliver business value in a dynamic organization.

EDUCATION

Master of Computer Application, *G. H. Raisoni College of Engineering and Management*	---	*2025*
Bachelor of Computer Science, *Poona College of Arts, Science and Commerce*	8.41CGPA	*2023*
HSC, *Poona College of Arts, Science and Commerce*	64.61%	*2020*
SSC, *The Aranha's Rosary High School*	76.40%	*2018*

SKILLS

- **Programming Languages:** SQL, Python
- **Libraries:** Numpy, Pandas, Matplotlib
- **Other Tools:** Excel, Power BI, Git, GitHub

PROJECTS

- **Speech Emotion Recognition**
  Developed a Speech Emotion Recognition (SER) system using Long Short-Term Memory (LSTM) networks to classify emotions from audio data. Extracted MFCC features and achieved 95% accuracy on a Kaggle dataset. Built and deployed a real-time emotion prediction web application using Flask and integrated audio processing with Librosa, showcasing expertise in deep learning, audio signal processing, and backend development.

- **Book Recommender System**
  Developed a machine learning-based Book Recommender System using collaborative filtering techniques to suggest similar books based on user preferences. Utilized tools such as Jupyter Notebook, PyCharm, Git/GitHub, and successfully deployed the application on Render. Demonstrated practical experience in recommendation systems, model deployment, and version control.

- **Event Management System.**
  Developed a full-stack web application to streamline the planning, organization, and execution of events. Implemented core modules including Event Creation, Event Registration, Vendor Management, and User Authentication (Login/Logout) using HTML, CSS, JavaScript, PHP, and MySQL.

Certification

- Program On Data Analyst/Business Analyst from EXCELR (EDL)
- Website Development using Bootstrap certification from Elite Software
- AWS Mastery Bootcamp: Level up your Cloud skills by Indeed Inspiring Infotech
- Cloud Fundamentals Live Training program organized by EXCELR (EDL)
