## EDUCATION

---

|   |                     |
|---|---------------------|
| <b>Bachelor of Engineering</b> , Jaihind College Of Engineering | Aug 2020 - Jun 2023 |
| Computer Engineering  | CGPA 8.17           |
| <b>Diploma</b> , Jaihind Polytechnic, Kuran                     | Jul 2017 - Aug 2020 |
| Computer Engineering  | 80.34%              |
| <b>SSC</b> , JES English Medium School, Junnar                  | Mar 2017            |
|   | 74.60%              |

## SKILLS

---

Languages: Java, CSharp, Python, JavaScript, TypeScript  
Web Development: HTML, CSS, Reactjs, Nodejs  
Database: MongoDB, MySQL  
Source Control: Git

## PROJECTS

---

**Course Selling Platform.** This innovative course selling platform is powered by the MERN stack (MongoDB, Express.js, React, Node.js), providing a seamless and engaging experience for both educators and learners. The backend, built with Node.js and Express.js, ensures robust and efficient management of user accounts, admin accounts, course content and flexible CRUD operations. [Course Selling Platform](#)

**Real-time Chat Platform.** This cutting-edge real-time chat platform leverages the MERN stack (MongoDB, Express.js, React, Node.js) alongside Socket.io to deliver an interactive and responsive messaging experience. Built with a robust backend using Node.js and Express.js, it ensures seamless communication between users by managing connections and data flow efficiently. [Real-time Chat Platform](#)

**Plant Monitoring System.** Effortlessly manages machines with changing graphs that provide exact performance insights, carefully created in React and NodeJS. To further simplify maintenance, users can use the application's CRUD features to generate, read, update, and delete machine data, resulting in about 100% accuracy across the graphs in the project. [Plant Monitoring System](#)

**Netflix clone.** This advanced Netflix clone utilizes the MERN stack (MongoDB, Express.js, React, Node.js) integrated with Redux Toolkit and Firebase to deliver a comprehensive and scalable video streaming platform. Firebase enhances the platform with robust authentication, real-time database capabilities, and seamless hosting services. [Netflix clone](#)

## EXTRA-CURRICULAR ACTIVITIES

---

- Played Taekwondo sparring at the state level with excellence during my 10th standard in SSC, showcasing commitment, and discipline on and off the court.
- Played handball at the district level with excellence during my 10th standard in SSC, showcasing commitment, and leadership on and off the court.
