Hindi

Academic Project

Mini Project : "Hair Studio website"

In that project I make a website of Hair Studio in which there are different tabs like Pre online booking , Services . The purpose of website is to attract more customers.

Model base learning Project : "Smart Blind Stick "

The smart stick is a technique to help sightless people to recognize their way .I used c language code to decode a Ardunio hardware.

Major Project : "Budget Buddy Application"

Budget Buddy application is a personal finance management tool aimed at assisting users in budgeting and financial planning.
