SUMMARY

Highly motivated Fresher Software Testing with a strong foundation in developing and executing comprehensive test plans and test cases. Aiming to leverage my skills and passion for software testing to contribute to a dynamic team and ensure the delivery of high-quality software products.

EDUCATION

Siddhant College of Engineering, Sudumbre

Bachelor of engineering(Information Tecnology) - 7.79
feb 2021 - may 2024

Tripura junior science college latur

science - 60.00
june 2019 - feb 2020

Maharashtra Vidyalaya nilanga

- 79.20
june 2017 - may 2018

PROJECT

Investment Banking   may 2024 - sep 2024

- Designed test scenarios and test cases.
- Verified test environment.
- Understood and analyzed test requirements.
- Contributed to test plan document.
- Organized and monitored defect management process, handled changes, and conducted regression tests.
- Derived test scenarios, documented test cases, and collected test data for functional testing.
- Possesses knowledge in end-to-end functional and regression testing of applications, including requirements understanding, test case and scenario development, test execution, results analysis, and sign-off.

Obesity Classification(college Project)

• Test execution occurs after the requirements have been defined and the coding process has been completed
• Involved in designing Test Scenarios and Test Cases
• Verify the Test Environment.
• Understanding and Analysis Test Requirements.
• Contribution to Test Plan Document.
• Organizing, monitoring defect management process, handling changes and conducting regression tests.

SKILLS

knowledge in programming language - java, Html.
familiarity of Automation tool- jira, salenium

Software Testing knowledge - Manual Testing, Automation testing
