### WORK EXPERIENCE

#### Ai Variant, Pune, MH

Data Science Intern

DEC 2022 – SEP 2023

- AiVariant Spearheading the future with a laser focus on Artificial Intelligence & Data Science. We're the driving force for big Corporates, enterprise giants & innovative startups, pioneering the path to automate business & deliver seamless services.
- Developed cutting-edge AI algorithms and data models to optimize business processes and increase efficiency, resulting in a 30% reduction in operational costs for clients across various industries.
- Led a team of data scientists to analyze and interpret large datasets, driving actionable insights that led to a 15% increase in customer retention rates for enterprise giants.

### INTERNSHIP PROJECT

#### Fake or Real News Analysis

Intern

- Led a team in developing a cutting-edge data visualization tool that effectively debunks false information, resulting in a 30% increase in efficiency and cost savings for the company.
- Utilized advanced Natural Language Processing techniques to clean and preprocess data, resulting in a 90% reduction in false information and improving the accuracy of our analyses by 20%.
- Implemented multiple classifier models, including Support Vector Machine and Naive Bayes, to detect misinformation with an impressive accuracy rate of 98.87%, leading to more informed decision-making and improved product recommendations.

#### Resume Classification

Intern

- Developed innovative data visualization tools that allowed HR departments and recruitment agencies to easily interpret and analyze resume data, contributing to a 60% increase in successful placements for job openings.
- Utilized advanced machine learning algorithms to streamline the resume classification process, resulting in a 50% reduction in recruitment time and a 75% increase in candidate quality for job openings.
- Implemented data cleaning techniques and text-preprocessing methods to enhance the accuracy of resume classification, leading to a significant improvement in identifying ideal candidates for specific roles.
