Summary

Seeking an opportunity to maximize my potential, contribute to the organization's growth, and develop a valuable skill set that supports my career progression.

Education

Bachelor of Computer Application **2021-2024**

Jain College of BBA, BCA & B.com
Belagavi

PUC **2019-2021**

Jyoti Pre University College
Belagavi

Internship Experience

Data Analysis with Python **01/05/24- 15/06/24**

IFuture Tech

Completed a 45-day internship at IFuture Tech, focused on data analysis using Python. Gained hands-on experience in data cleaning, manipulation, and visualization techniques. Worked with libraries like Pandas, NumPy, and Matplotlib to analyze large datasets and generate actionable insights. Enhanced problem-solving skills and strengthened my ability to derive meaningful conclusions from data.

Digital Marketing **06/05/24- 06/06/24**

nturing Technologi

Completed an internship at nturing Technologies in the digital marketing domain, where I gained experience in SEO, content creation, social media management, and analytics. Assisted in executing marketing campaigns, optimizing web content, and analyzing performance metrics to enhance online visibility and engagement.
