## Academic Details

Master of Computer Applications,  
Sinhgad Institute of Management, Pune;  
CGPA: 8.17  
(2024)

## Soft Skills

Analytical | Collaborator | Leader | Adaptable

## Technical Skills

- Programming Languages:  
Java, SQL, JavaScript, HTML5, CSS3, C, C++
- Frameworks:  
Spring, Spring Boot, Hibernate, JPA, Maven, Gradle, Angular

## Core Competencies

Core Java Development:

Frameworks and Libraries:

Database Management

API Design and Integration:

Version Control and DevOPs:

Problem-Solving and Debugging:

Collaboration and Communication:

## Personal Details

Date of Birth: 1<sup>st</sup> May 2001  
Languages Known: English, Hindi and Marathi  
Address: Nashik Maharashtra

## Profile Summary

Detail-oriented professional with overall 12 months of experience in web development roles. As a Web Developer at London School of Digital Business, collaborated on projects for international clients like Madhiha in New Zealand. Previous experience includes a data engineer summer internship at Celebal Technology, where I gained valuable insights into data management. Most recently, contributed to Savvy Enterprises during a 3-month internship, successfully developing an e-commerce website. Proficient in front-end and back-end technologies, with a keen focus on delivering impactful solutions in dynamic environments.

## Work Experience

**Intern, Savvy Enterprises**  
March 2024 - May 2024

- Led the development of an e-commerce website from conception to deployment.
- Implemented front-end features using React.js and back-end functionalities using Node.js and Express.
- Designed and optimized databases using MongoDB to handle large volumes of transactional data.

**Web Developer, London School of Digital Business**  
October 2023 - March 2024

- Collaborated with international client Madhiha in New Zealand, contributing to web development projects.
- Designed and implemented responsive and user-friendly interfaces using Angular, HTML, CSS, and JavaScript.
- Integrated third-party APIs to enhance functionality and user experience.
- Conducted thorough testing and debugging to ensure seamless deployment of web applications.

**Data Engineer Intern, Celebal Technology**  
May 2023 - July 2023

- Assisted in data engineering tasks, including data extraction, transformation, and loading (ETL) processes.
- Developed data pipelines to support analytical processes and reporting functionalities.
- Utilized SQL for data querying and management within large datasets.
- Collaborated with cross-functional teams to optimize data storage and retrieval mechanisms.

## Academic Projects

PROJECT NAME: Diagno Care  
Language: HTML, CSS, PHP, MySQL

PROJECT NAME: Agro World  
Language: XML, OS: Android, Java, MySQL

PROJECT NAME: Savvy (E-commerce Website)  
Language: HTML, CSS, PHP, MySQL

## Certification

- R-programming
- NPTEL Cloud Computing
